"It is rare to find young men so deeply committed to serving their communities. The support you have provided will have a lasting impact on our school. Beyond the generous donation itself, you have restored dignity and hope to our young girls through the sanitary products you have provided. As your name, Lutho Lwame, suggests, you are a man of dignity, and today you have truly lived up to that name. Your kindness and selfless service will be remembered for many years to come."
